

3C GARDEN WEEK 1

Yr 3 were so excited to see the 3 garden beds marked out and then filled with soil.

Thank you Mrs Jansen and Mr Rampton!

Our next step was to add "Nutri-Store Gold" to 2 of the 3 beds. The bed without the mix was labelled the control.

Now the fun part...Mrs Rosin measured out the spaces and we planted out beetroot and lettuce. It was very exciting to be digging and planting the vegetables.

We now need to water them each day and measure their growth 3 times a week....stay tuned as we will be selling vegies before you know it.

YEAR 3 C GARDEN WEEK 3

Wow...our plants are actually growing and thriving in 2 out of the 3 beds. The organic fertilizer we are using is fantastic.

The largest plant in the garden we are proudly showing off.

Kathleen
Biggest
Green Mignonette

Jack Clark
Biggest
Beetroot

Patrick & Nicola
Biggest Cos

Look out Maryborough Markets we will be selling our salads sooner than you think.

Thanks also to the yr 7 children who have been rostered on to help us water our garden beds daily...we could not do it without you.

WEEK 5 GARDEN REPORT

Wow...our plants are just about ready to harvest. We have been measuring them every week and wow have they grown.

Next week on Tuesday, it will be "Harvesting Day". If you would like to purchase some of our delicious vegetables bring \$1 to school and you can take home a beautiful plump and delicious lettuce or beetroot.

Below some photos of how good they look.

See you on Tuesday.....

HARVEST DAY FOR LETTUCE

Yahoo we have had a successful harvest of beautiful
lettuce.

Here is our prize collection.

We some for Sale from yr 3C classroom bring along
\$1 and come and see us.

We are still to harvest some more lettuce and all of the
beetroot. Stay tuned for more sale dates.
