

Pet Saver™

Pet Saver™ is a humic and fulvic acid based pet food supplement containing chelated forms of copper, iron, manganese, magnesium, zinc, calcium, phosphorus, selenium and other micro-elements.

Its broad spectrum mineral nutrition helps strengthen animal health and vitality. Fulvic acid is an electrolyte to create cellular balance while humic acid is a recognised digestive aid that promotes a healthy gut microflora in domestic animals. Pet Saver™ also has powerful detox properties which helps to maintain a healthy immune system.

Benefits

- Biological Farmers of Australia (BFA) Registered Product 456AI.
- Promotes a healthy intestinal microflora.
- Helps bind and dispose of heavy metal toxins.
- Improves appetite and animal health.
- Broad spectrum mineralisation.

PACKAGING

100 g, 200 g
Product Code: HGLFPS

Pet Saver™

Application Rates

Dogs:

Small - ¼ teaspoon. **Medium** - ½ teaspoon

Large - 1 teaspoon in food, 3 times a week

Cats: 1/3 teaspoon in food, 3 times a week
