

Nutri-Lime™ Super Fine

Calcium release is partially determined by particle size. The finer the grind, the better the performance. Nutri-Lime™ is the finest agricultural lime currently available.

A high-analysis limestone that has been crushed to talcum powder consistency to ensure rapid calcium availability. If you need calcium, then you need it now. Nutri-Lime™ Super Fine addresses that urgency.

Benefits

- BFA certified version available (one tonne minimum buy).
- Soil health, microbe health, plant health, animal health and human health are all dependent on a readily available source of calcium.
- Calcium is the "trucker of all minerals" - superfine limestone can promote nutrient availability.
- Profitability is often a calcium issue.
- Super fine, fast food calcium.
