

Trio™ (CMB) Foliar

A high analysis source of calcium, magnesium and boron, complexed with fulvic acid and mannitol (derived from kelp).

Benefits

- Calcium is the trucker of all minerals and it governs cell strength and cell division.
- Magnesium is the life blood of chlorophyll and it is a phosphate synergist.
- Boron is critical for reproduction and it is a calcium synergist.
- Trio™ (CMB) Foliar also contains 15.2% (approx.) nitrogen and features the multiple benefits of kelp and fulvic acid.

PACKAGING

5 L, 20 L, 200 L & 1000 L
Product Code: TRIOFOL

Trio™ (CMB) Foliar

Application Rates

Foliar:

Minimum Dilution 1:100

Small Crops, Turf & Vines

3 – 5 L per ha

Repeat weekly for maximum response

Orchard Crops

5 – 7 L per ha

Repeat monthly for maximum response

Storage & Handling

- Compatibility and/or performance cannot be guaranteed when combined with other products. Jar test for compatibility and spray test on small area before wide-spread use. When combining with other chemicals, add this product to the tank last.
- Store in cool dry area out of direct sunlight. This product has been tested to store safely down to 5°C. Crystallisation or sedimentation may occur below 5°C.
- Shake concentrate thoroughly before adding to partially filled tank.
- Shake or stir before use, especially when near empty to dissolve the residue on the bottom of the drum/bottle.
- Do not pre-mix or store in diluted form, and use promptly once opened.
- All foliar sprays perform best when applied early morning or late afternoon.
- **WARNING:** Avoid spraying close to harvest if fruit/vegetables are susceptible to staining.

Typical Analysis w/v

Calcium	16.8%
Magnesium	3.0%
Boron	0.26%
Total Nitrogen (as nitrate).....	15.2%
Total Potassium (as organic K).....	0.14%
Kelp and Fulvic Acid	

Miscellaneous

- Compatibility and/or performance cannot be guaranteed when combined with other products. Jar test for compatibility and spray test on small area before wide-spread use. When combining with other chemicals, add this product to the tank last.
- Note: Product in 1000 L tanks may weigh over 1 tonne. Forklift with 2 tonne lifting capacity is recommended.
- All foliar sprays perform best when applied early morning or late afternoon.
