

Soil Health and Your Wealth

Don't miss this one-day seminar led by internationally acclaimed nutrition specialist, **Graeme Sait**. Learn cutting-edge strategies to improve the health of your farm, your garden, your planet and yourself.

Next Seminar: Thursday 14th June, 2018

4 Key Outcomes

- 1) Discover the secrets of soil and plant health to reduce chemicals and increase farming fun.
- 2) Learn how to manage minerals, microbes and humus more effectively to build both productivity and sustainability.
- 3) Understand how to gain maximum benefit from soil and leaf tests and in-field monitoring.
- 4) Recognise the potential of creating your own inexpensive, living fertilisers and discover practical solutions to many problems.

Graeme Sait

Graeme is the CEO and co-founder of Nutri-Tech Solutions (NTS), a world leader in biological agriculture. He is also an author/educator responsible for over 300 published articles and a popular book, "Nutrition Rules!". He created the internationally acclaimed four-day course entitled 'NTS Certificate in Nutrition Farming®' and authored the associated 360-page training manual. Graeme is a sought-after speaker, specialising in soil health, plant health and animal health. More recently, that emphasis has expanded to include planetary health, in recognition of the link between humus and carbon sequestration. He is also an expert in human nutrition and his fascinating presentations cover every aspect of wellness.

Graeme has had major impact influencing farmers, consultants, medicos, governments and key decision makers in Canada, USA, Mexico, Brazil, Europe, Asia, India and of course, Australia and New Zealand (his home country).
